With some exceptions, the ESA prohibits activities with listed species unless Federal authorization is issued that allows such activities. Permits issued under section 10 of the ESA allow activities for scientific purposes or to enhance the propagation or survival of the affected species. Regulations regarding permit issuance under the ESA are in title 50 of the Code of Federal Regulations in part 17. ESA permits cover a wide range of activities pertaining to foreign listed species, including import, export, and activities in the United States.
